J. L. HOBART NAMED POSTMASTER TO SUCCEED T. COLEY IN CLYDE

CLYDE. — Official word was received on Monday by the Clyde postoffice that Mr. Jack Lorie Hobart has been selected postmaster of the above office, succeeding Mr. T. Coley, who has retired after serving the public for the past eight years.

Mrs. N. Main is spending a few days in Edmonton this week.

A birthday party was held last Thursday evening at the home of Mr. and Mrs. G. R. Mealing in honor of Mrs. H. D. Randall, sister of Mr. Mealing, who is visiting him, from England. Various card games entertained the guests and a delightful luncheon was served by the hostess, Mrs. Mealing. Mrs. Randall was the recipient of many beautiful and useful gifts.

Weekend visitors at the home of Mr. and Mrs. H. W. Nickerson and Mr. and Mrs. Ed Nepestad of Edmonton. Mr. Nepestad is a former principal of Clyde School and Mrs. Nepestad was a high school teacher here. In the United Church during the Sunday morning service, Mr. Nepestad sang the solo, "Bless This House," accompanied by Mrs. B. Fricker at the organ.

A large crowd attended the St. Luke's Anglican Church services on Sunday evening to celebrate the Harvest Festival. The church was beautifully and appropriately decorated for the occasion. During the service, Mrs. H. D. Randall sang "Praise My Soul, the King of Heaven," accompanied by Jack Langford at the organ. Rev. D. V. A. Browne conducted the services.

Mrs. G. R. Mealing received injuries in a car accident on Saturday afternoon, when their car, driven by her husband, was in collision with the light delivery truck, driven by Caspar Von Loewenstein, at the corner of the Clyde School. The car was damaged but the truck was only slightly marked.

Mr. and Mrs. Clare Sampson and the former's mother, Mrs. Sam Sampson, narrowly escaped serious injury in a car accident on the Edmonton highway near St. Albert last Saturday, when their car was in collision with a truckload of lumber, driven by Mr. Barker of Jarvie. Mrs. Sam Sampson is in hospital recovering from shock and wounds. Mr. and Mrs. Clare Sampson both received severe cuts but are well enough to be out of hospital.

Mrs. J. Groombridge of New Westminster, B.C., arrived here on Saturday and is a guest at the home of her daughter, Mrs. R. E. Armstrong.

A jolly part was held on Friday afternoon at the home of Mr. and Mrs. Forbes Gordon in honor of their only son, Danny, on the occasion of his sixth birthday. Eleven little friends gathered to wish Danny birthday greetings and showered him with many toys. The little ones enjoyed games and were served a delicious luncheon by Mrs. Gordon, assisted by Mrs. L. Boyd.

Mrs. P. Clements has been visiting at the home of her daughter.

Mr. and Mrs. Nick Antonuk and family of Wetaskiwin, were Clyde visitors last Wednesday.

Little Dennis Coley, infant son of Mr. and Mrs. George Coley, is

recovering from a case of measles.

Mr. Albert Nelson was an Edmonton visitor last Thursday, where he attended a Co-op. meeting.

The Amarela Drilling Company arrived back in Clyde on Monday. They had been here a short time ago.

Snow blanketed the ground here Tuesday morning again and farmers who have not finished harvesting are losing hope of getting it done this year.

Preparations are being made by the Clyde Students Union for a masquerade and dance on Friday, October 27, with novelties and prizes for costumes.

Farmers Should Use Seed Cleaning Plant

By J. M. FONTAINE
District Agriculturist

The seed grain requirements in the western provinces for the spring of 1951 have not yet been determined. The surveys now being made are not completed. It is too early to expect that germination tests can give us a clear picture of the situation.

From a survey recently completed by the Canadian Wheat Board on the probable marketings of wheat in Canada, the following figures on the quality of Canadian wheat should be a clear indication of the frost damage right across the prairies.

The 1950 wheat crop is expected to grade:

34 per cent No. 3 or higher
17 per cent No. 4 Northern
46 per cent No. 5 or lower

At 62 per cent of our western Canadian wheat is grading below No. 3 on account of frost, is it not normal to assume that at least 40 per cent of our oat crops have been affected and thereby their germination reduced.

Our recommendation would be not to be too hasty in disposing of your oat crop before we have more definite information on the seed requirements for the next spring.

First of all it would be a good practice to retain enough seed at home for two years supplies. Then any surplus could be kept over a few weeks to fill the western demand.

The Agricultural Service Board of Morinville is credited to have erected the best seed cleaning plant. Now is the time to make use of it. After making sure of the germination of your oat crop, if over 75 per cent, why not have some cleaned immediately to be in a position to fill the early orders. Later in the season, the seed cleaning plant might not be in a position to accommodate you. Be wise! Have your seed cleaned now and take advantage of the early seed oat market.

Otherwise you may be disappointed. Why sell your oats at this time if they can be cleaned to a commercial seed grade standard?

Proposes Peace Formula for Korea

A plan for peace in Korea was made by Canada's External Affairs Minister Pearson, left, before the UN General Assembly at New York recently. His scheme could result in UN forces being withdrawn to the 38th parallel and a UN sponsored vote throughout the whole nation. Here Mr. Pearson talks with Dean Acheson, U.S. secretary of state.

PLAN HOLD TEA AND BAZAAR IN ST. ALBERT IN NEAR FUTURE

ST. ALBERT.—A tea and bazaar is being planned by the executive of the WI.

At the next meeting, Oct. 24, articles to be made up will be distributed. Members please come out in full strength.

Rene Morin and Pat MacDonald tied for highest standing in Grade IX in this school subdivision, so the WI presented two scholarships of \$15.00 each. Mrs. L. Barry, president, made the presentation at the dance Monday night.

Miss M. Wolniewicz has her committee organized for the CN IB collection.

Mrs. Sumner and Mrs. Sybyski will canvass the west end of the town. Mrs. Mahoux and Mrs. Herron the east. Miss Wolniewicz, Mrs. Vague, Mrs. Blair, Mrs. Gaulin, Doreen Iseki, are among those who will tag on Saturday, Oct. 21.

Mrs. W. Cuts entertained Mrs. C. Laderoute, Mrs. "Bud" Leclair, Miss M. Wolniewicz, Mrs. H. Vague, at a waffle supper, then all attended the recital given in Edmonton by 15-year-old Sidney Smith and Belva Blodnisky, who entertained in music and song. Following the recital the ladies had coffee with Mrs. Barnett.

Mr. and Mrs. E. Olsen (nee Clarice Dagsdarg) of Port Coquitlam, B.C., and Hilmar Dagsdarg, Mr. and Mrs. G. Friend and Bob (nee Margaret Dagsdarg), of California, visited friends and relatives here the past month.

Mr. J. Rouault, Sr., of Millardville, B.C., returned home last week after visiting among his children the past month.

Jack Campbell of Sexsmith, visited his parents last week end. Little Kathy Sumner is visiting Grandma Sumner at Westlock.

Mr. and Mrs. R. Gatten have returned to live in Mrs. Toupin's house again.

Mrs. A. Lavoie has weaving classes at the Parish Hall every Wednesday evening.

Miss Alice McDougall, who is taking a post-graduate course at the University, spent the week end with Mrs. "Bud" Leclair.

Mr. and Mrs. H. D. Armstrong

and daughters, of Athabasca, spent the week end at the home of Neil Ross, Sr.

Mrs. Mike Cassidy and Mrs. Joe Thelan, former residents of St. Albert, spent a Wednesday afternoon with Alice Ross.

The WI and Altar Society served lunch at the sale of cattle at the Cherot farm on Monday last. Each society cleared nearly \$25.00.

Mr. and Mrs. "Bud" Leclair attended a birthday dinner for Mrs. B. Carruthers on Thanksgiving Day. Then were at the anniversary dance of the Bon Accord Hall.

A large crowd attended the Old-Timers' Dance Friday night, but not many were old-timers or local people.

JEFFREY NEWS NOTES

Mr. and Mrs. Jimmie McGregor and her parents Mr. and Mrs. C. H. Styles of Edmonton were recent guests at the home of Mr. and Mrs. Rollin Williams.

Mr. and Mrs. Johnnie Donnelly motored from their home in Vancouver to visit his brothers and friends here.

The coyote population is being cut down by Mr. Wallace McDonald who shot two recently.

Mr. and Mrs. Keith Moffat and Jean enjoyed a very nice Thanksgiving service by Rev. Howes at Grassland Sunday where they met Mr. and Mrs. W. A. Putnam and daughter Mrs. Howes, Mr. and A. Hayduk and family of Kaleland, Mr. and Mrs. G. Putnam and family, Mr. and Mrs. W. Walker and family and Bert Putnam.

The shower for Miss June Donnelly bride elect of Mr. Paul St. Armand of Vmoy, which was held at the Jeffrey hall Saturday evening was a great success, a very large crowd attended and presented her with a great number of lovely and useful gifts, her twin sister Miss Jean Donnelly assisted her in opening the gifts.

J. M. Leonard Dies In Hanna

ST. ALBERT.—On Oct. 11, Mr. Joseph Michael Henry Leonard passed away at Hanna, Alta., at the age of 39 years. "Kaiser" Leonard lived in St. Albert all his life until he and family moved to Hanna last year.

He leaves to mourn his loss his loving wife, three daughters and one son, Therese, Celine, Simone and Gerard all at home, also his father Mr. Mathias Leonard, St. Albert.

The funeral was held on Saturday morning at 10 o'clock from Connelly-McKinley Funeral Home to the St. Albert Church, where services were held at 10:30. Rev. C. Labonte, OMI, officiated and the interment took place in the family plot in the church cemetery.

Prayers were held on Friday evening at 8:30 at the funeral home. Connelly-McKinley Ltd.

Wedding Dance Held In Legal

LEGAL.—Wedding dance of the mayor of Legal, Mr. Lucien Provost, and his wife, the former Adele Dandeneau, was held here Oct. 11. The couple were wed in St. Joachim's Church, Edmonton, and after the receptions which were held at the Canadian Legion Hall, the dance was held in Mr. Lamarche's Hall at Legal. Best wishes to the couple.

On Monday, Oct. 16, the wedding of Mr. Jean-Marie Tieulie and Miss A. Desmarais was held in Morinville. Mr. Tieulie is a resident of Legal.

U.S. Newspapersmen Visit At Clyde

CLYDE.—Among the guests at the Clyde Hotel last week were three sportsmen from the United States, spending the week hunting upland game. They were three newspapersmen, Mr. Fred Ludkens of Belvedere, California; Mr. B. Fawcett and Mr. Elwood Whitney, both of New York. Mr. Ludkens is classed among America's twelve top illustrators and his sketches may be found in the current Saturday Evening Post. His only daughter is the wife of the secretary to the U.S. Embassy to Persia, and lives in Teheran.

The farmers of this district met on Tuesday evening to open their winter meetings with three interesting films, "Vegetable Insects," "Mastitis" and "Fifty-five Thousand and for Breakfast." Their next meeting will be held on Nov. 14, to send delegates to the FUA convention to be held in Calgary next month.

St. Luke's WA Meets At Clyde

CLYDE.—A very pleasant afternoon was spent at the home of Mrs. C. Berwick on Tuesday, when the WA of the St. Luke's Anglican Church met. There were nine members present and one visitor, Mrs. Randall, sister-in-law of Mrs. Mealing. Arrangements were made for a bake sale that was held on Saturday afternoon in Robinson's Store. The visiting committee consists of Mrs. Mealing and Mrs. Armstrong. The November meeting will be held at the home of Mrs. Tainsin.

An Unfair Burden

We have before contended in these columns that, while the commendable job of extending Alberta's paved road program is pursued with all rapidity, the gravel roads not immediately hard-surfaced should not be neglected. Too often, this is the case. And in the case of the Municipal District of Sturgeon the policy of neglected gravelled highways is making for an extra burden on the ratepayers of this municipality.

In fact, no part of the oil development program in the Redwater field—so profitable to the promoters and the government—is in any way a boon to the taxpayers. A great deal of the oil development is taking place within the Municipal District of Smoky Lake, and so the Sturgeon District is deprived of much revenue around Redwater. The oil companies have established their big refineries—lucrative sources of tax revenue—in the Strathcona Municipal District, and about all that Sturgeon is left with are miles of rutted roads, that used to be good highways. The Provincial roads are so bad that truckers and others use the Municipal roads wherever possible and so they too are becoming rutted and worn, nearly unfit for traffic.

The solution to this problem, of course, is for the Province to get busy at once with a hard surface road connecting Redwater with Fort Saskatchewan trail. Then it can be expected traffic will keep to the paved highway and spare the gravelled municipal roads.

It isn't right that ratepayers in the Municipal District of Sturgeon, forced to pay taxes without the help of such tax-free institutions as the Nampaw Airport and Oliver Institute, should have to dig deeper into their pockets to maintain roads for oil traffic paying the Province big dividends without getting a nickel's worth of revenue to ease their own tax burden.

The Long, Red Arm

One of the most startling things we've heard in a long time was recounted at a special meeting Sunday afternoon in the Capitol Theatre in Edmonton. It was told by a Youth for Christ speaker.

Some time ago a missionary about to leave for French Equatorial Africa, in a farewell message delivered over Rev. Bob Simpson's SUNRISE GOSPEL HOUR over CFRC, Calgary, made a few disparaging remarks about Russian Communism.

Months later, upon landing in Africa, his visas were taken from him and his entry to the French colony greatly delayed. The reason given for this interference was the anti-Red remarks given over the Gospel broadcast at Calgary.

We have no way of checking this story, and any reader having first-hand information might write and substantiate it, or, if they know it not to be as told here, correct us.

If Russian Communism is so powerful in colonial France, as to influence immigration officers, how great is our peril anywhere in the world! Surely, time is running away from us and we must hurry to catch up.

The CCF and Regina Manifesto

The CCF National Convention in Vancouver in August scrapped the Regina 'Manifesto' (1932) and authorized a committee to draft a new document to be submitted at the next national convention in 1952.

Robert McKeown reports in the Montreal 'Standard', September 16, that "something of a compromise between state ownership and complete free enterprise seems to be in the making. . . . Socialism is declared to be the half-way house to communism. The drafters of the statement are directed to make clear the fundamental differences between both communism and liberalism and democratic socialism."

CCF-ers have found it hard to believe that the people of Canada are not interested

The Unseen Audience

By T. W. PUE

My principal source of entertainment is that modern miracle that everyone knows about but which nobody really understands, the radio. I don't think that even television, if and when it ever comes to Alberta, will be half as interesting to me as radio. I can drive a car, write letters and editorials (this one is being written to the tune of CANDY and ZIP-A-DEE-DOO-DA!), carry on a reasonably intelligent conversation or even fall asleep while listening to the radio.

T. W. Pue

In short, I can enjoy radio without giving it my whole-hearted attention. Not so television. But this article isn't to discuss the entertainment qualities of radio. I'd like to discuss some of the claims made for radio's power as an advertising medium.

How Many Radios?

I believe the broadcasting companies claim about 200,000 radio sets in the province. Nearly everyone has a radio and so everyone hears your sales talk, when you broadcast it, you might say, but this is far from the truth. I don't believe any station advertising man would make a claim like that, but just the same, big estimates of listenership can be mighty misleading.

Process Elimination

Assuming that there are 200,000 radio sets, you can be reasonable certain that not more than 95%—or 190,000 are in working order at any one time. That's why they have radio repairmen. Of the balance, at any one time, probably not more than half are on. That leaves 85,000 possible sets reproducing any one program.

Actually, of these, probably only half, or 42,500 have anyone attentively listening to them, that actually hear what's being said.

There are ten radio broadcasting stations within the range of most radio sets, so, on the average, each station has a listenership of only 4,250. Compared to the daily newspaper circulations, this is a puny figure. The Edmonton Journal daily enters 50,000 Alberta homes. And for the advertiser who wants thorough coverage I'd say radio is thoroughly unreliable. How many farmers, for instance, will listen to a radio program at 11:00 p.m. in the middle of August? I don't know of any. How many are close to their firesides at 3 o'clock in the afternoon in harvest time? So you see, there are many thoroughly "inefficient" periods in radio that just don't have a substantial following.

Radio vs. Local Paper

When the local, hometown paper arrives it arrives to stay. It doesn't matter much if the man of the house is home or not when the mail arrives—he can still get your advertising message. If he's busy today he'll read it tomorrow.

If you want to reach the home-town folk as thoroughly by radio, you'd have to monopolize the broadcast time on every station for at least one hour at the best radio time. But don't try to buck Twenty Questions or Amos 'n' Andy. The big national shows have the best radio times. So you'll have to take the chance on getting 425% of those you want to reach by advertising over only one radio station at any one time.

The unseen audience may not be there.

Scriptural Meditations

By AINSLEY BLAIR

"We sustain a loss when we neglect the privilege of associating together to strengthen and encourage one another in the service of God. The truths of his Word lose their vividness and importance in our minds. Our hearts cease to be enlightened and aroused by their sanctifying influence, and we decline in spirituality. In our association as Christians we lose much by lack of sympathy with one another. He who shuts himself up to himself is not filling the position that God designed he should. The proper cultivation of the social elements in our nature brings us into sympathy with others, and is a means of development and strength to us in the service of God."

—STEPS TO CHRIST

in their doctrinaire approach to Canadian problems.

It will be interesting to see if the CCF party can survive a rendering asunder of the now discredited doctrines which they have advocated for a number of years. If they completely abandon the nationalization of industry as a remedy for all our economic troubles, what will they find as a substitute?

Heavy, Heavy!

Threat of war hangs heavy over the nation, but civil defence plans are lagging. Some steps are being taken, but program should be rushed.

Voice of the People

"VOX POPULI, VOX DEI"

BOOM!

Dear Sir,—I just returned from a newswear, where one film showed a Ku Klux Klan initiation. Ironically, the very next scene was from the Korean war, with American boys dead, dying and wounded. These Americans were fighting for democracy, their masquerading Judases, with hate in their hearts for Jews, Catholics and Negroes were stabbing them in the back. I suggest we send our special force to Alabama and straighten up those Southern Americans on what the four freedoms mean.

MRS. A. R.

Crossfield

SLY JOE

Dear Sir,—I'd like to answer the reader who wants to know how it is we're sending Canadian soldiers to fight in Korea. The Russians have been planning this ever since the Germans quit. This sort of thing will continue as long as there is a sneaking rat like Stalin hiding behind innocent people who are duped into fighting for him. He and his cowards won't come out into the open, just like our own Canadian Communists who cry for "peace" when there is no peace and all they want is peace for the Russians to conquer us all, starting in Korea.

DISGUSTED.

North Edmonton.

POPPY FUND

Dear Sir,—The Canadian Legion Poppy Fund is making its annual appeal for funds.

Poppy Day this year is November 4th and it is our ardent hope that every business in the City of Edmonton will display a wreath to commemorate Remembrance Day—November 11. Wreaths can be purchased now so that they may be displayed until Remembrance Day and then placed on the cenotaph. They range in price from \$3.00 to \$30.00.

The Poppy campaign is the only co-ordinated national appeal to the public for funds to alleviate distress among ex-service personnel and their dependents.

The Poppy Fund is adminis-

tered by a Board of Trustees comprised of prominent Edmonton veterans.

May we appeal to your readers to assist us in this worthwhile campaign by either telephoning us your order, or mailing your donation to this office.

STEWART PETTET.

Edmonton.

You're Welcome

Dear Sir,—On behalf of this branch, the National Film Board, the officials of Elk Island National Park and the artists concerned, I should like to express our appreciation for your cooperation during the summer months in publicizing the Sunday concerts, arranged for visitors to the park.

1950 was undoubtedly our most successful season to date. Not one of the 17 concerts arranged had to be cancelled because of weather conditions and they were evidently much enjoyed by the park visitors.

We are hoping to present a similar series next year and trust we may count on your support again at that time.

Yours sincerely,

BLAKE MACKENZIE.

Co-ordinator of Cultural Activities.

Edmonton.

New Army

Dear Sir,—I'm worried, Canada has raised a commando army to fight in Korea, and to that end has taxed the kids' gum, pop, pencils, candy, etc., but how come those tax expert extorters overlooked taxing also the kids' cowboy suits, six-shooters, toy balloons, and especially those three cornered pants, so many of the kids wear?

Ottawa's blunders get worse every day. But what about this army? Prime Minister St. Laurent would like to lose it after missing the Korean bus, but not the gum, candy taxes, so if anyone needs a private commando army, send in your offers, but remember—Wall Street has first choice, always.

TOM L. POULSON.

Rochfort Bridge.

A TIP FROM ME

By EFFIE RICHMOND

If you are a hostess that likes to be complimented on making that 'just right' cup of tea, take a tip from me and add just a nip of salt to the brewing tea and you will obtain the desired effect.

Dusting is a discouraging job when the dust flies from one object to the other from your duster. Take a tip from me, you can avoid this by dampening your dust duster (preferably cheese cloth) in water to which has been added half teaspoon of citranella.

Do you have costume jewelry that tarnishes or turns your skin green? If so, take a tip from me and clean the jewelry well then add a coat of clear finger nail polish. It adds a lustre to the jewelry too.

Restrictions End On U.S. Dollars

Canadian residents will, in future, be able to obtain permits to spend any reasonable amounts of U.S. dollars for all types of bona fide travel expenditures in the United States; it was announced this week by the Minister of Finance. The limitation on pleasure travel expenditures to \$150 in a 12-month period, which has been the rule since November, 1947, will no longer apply.

A Form H travel permit must still be obtained and surrendered to Customs at the time of leaving Canada if a traveller is taking out of Canada more than \$50 in U.S. funds or more than a total of \$100 in both U.S. and Canadian funds. Banks and other agents of the Foreign Exchange Control Board will, however, be authorized to approve Form H permits for amounts up to \$500 per trip for business travel and up to a total of \$500 during the calendar year for travel for other purposes.

Applications for larger amounts may be referred to the Board and will normally be approved for genuine travel expenditures in any reasonable amounts, having regard to the duration of the proposed journey.

Tallest cataract in the world is Zealand's Sutherland Falls with a drop of 1,900 feet.

PUBLIC NOTICE

By-Law No. 4 - 50 of the Town of St. Albert

A By-Law to grant to Northwestern Utilities Limited a special franchise to supply to the Town of St. Albert and the inhabitants thereof natural gas.

WHEREAS Northwestern Utilities Limited has applied to the Council of the Town of St. Albert and the inhabitants thereof to supply such natural gas as may be required by the Town and its inhabitants.

AND WHEREAS for the purposes aforesaid the Council of the said Town deems it expedient to grant such right and for that purpose to enter into an agreement with Northwestern Utilities Limited in the words and figures contained in the Memorandum of Agreement annexed and marked Schedule "A" to this By-Law:

BE IT THEREFORE ENACTED by the Council of the Town of St. Albert as follows:

1. The Town of St. Albert hereby grants to Northwestern Utilities Ltd. the special franchise which the Memorandum of Agreement hereto attached and marked as Schedule "A" purports to grant to it, subject nevertheless to all the covenants, conditions, provisos, restrictions, penalties, and other terms set forth in the said agreement.

2. Upon the final passing of this By-Law the Mayor and the Secretary-Treasurer of the Town of St. Albert are hereby authorized and empowered to execute for and on behalf of the said Memorandum of Agreement, a copy of which is attached hereto and marked as Schedule "A" to this By-Law.

3. This By-Law shall take effect on the final passing thereof.
Read a First Time this sixteenth day of August, A.D. 1950.
Read a Second Time this 31st day of September, A.D. 1950.
Read a Third Time and finally passed this day of A.D. 1950.

NEIL M. ROSS—Mayor.
CHAS. GOULD—Sec.-Treas.
Submitted to and empowered by the necessary majority of the ratepayers on the day of A.D. 1950.

MEMORANDUM OF AGREEMENT made this day of A.D. 19 BETWEEN:

THE TOWN OF ST. ALBERT

in the Province of Alberta, (hereinafter called "The Town")

OF THE FIRST PART

—AND—

NORTHWESTERN UTILITIES, LIMITED,

a body corporate having its head office at the City of Edmonton, in the Province of Alberta, (hereinafter called "The Company")

OF THE SECOND PART.

WHEREAS The Town and the Company propose to enter into a contract in respect of the supplying by the Company to the Town and the inhabitants thereof of such natural gas as they may require;

NOW IT IS MUTUALLY COVENANTED AND AGREED by and between the parties hereto as follows:—

The Company agrees on or before the 31st day of December, 1951, to provide the Town and the inhabitants thereof with a supply of natural gas, and the Town hereby grants to and confers upon the Company, its successors and assigns, a special franchise to supply natural gas to the inhabitants thereof for the term of twenty (20) years from the said 31st day of December, 1951, or from such earlier date as the Company may commence to supply natural gas pursuant to this agreement, subject to the renewal of the said franchise or to the purchase by the Town of the Company's plant and equipment as hereinafter provided:

PROVIDED that the Council of the Town shall have power to extend the time for the provision by the Company of the said supply of natural gas beyond the said 31st day of December, 1951, on good cause shown by the Company:

PROVIDED FURTHER that should the Company at any time prior to the said 31st day of December, 1951, conclude that it cannot for any reason undertake the work necessary to perform this agreement, the Company will forthwith notify the Town in writing of such conclusion and upon such notification being given this agreement shall forthwith be cancelled, determined and at an end.

The Town hereby grants the Company, its successors and assigns, subject to the terms, conditions and provisions herein contained, the full right, power and liberty to use, break up, dig, trench and excavate in the public streets, roads, alleys and (or) other public highways or places of the Town and otherwise do such work therein as may from time to time be required to locate, construct, lay, operate, maintain, repair, renew, extend, relay and (or) remove the pipe lines of the Company necessary to be installed for the purposes of this agreement.

It is understood and agreed that the said pipe lines shall be located in the lanes and alleys rather than in the streets and main thoroughfares of the Town when reasonably practicable and where the cost of so doing will not be unreasonably great.

A plan of the original distribution system showing the proposed location of the proposed sub-section or sub-sections first submitted to the Town and approved by the Council of the Town.

5. In respect of subsequent extensions of its distribution system, the Company agrees that a plan showing the location of the proposed extensions shall be first submitted to and approved by the Mayor or persons appointed by the Council of the Town for that purpose. The Company shall give notice to the person or persons so appointed as aforesaid of the location of the proposed extensions, the streets, highways, roads, squares, lanes, alleys and (or) other public highways or places in the Town not less than two days before the beginning of such work, except in cases of emergency arising from defects or breaking of the pipe lines or other works, when immediate notice shall suffice.

6. The Company agrees with the Town that it will do as little damage as possible in the execution of the powers hereby granted, and will cause as little obstructions as possible during the progress of the work and at all times and all persons restoring the streets, highways, lanes, and other places hereinbefore described within the limits of the Town to a state of repair as nearly as possible equal to their former state.

7. The Company further agrees that it will protect and indemnify the Town against any damages or expenses in connection with the execution of the powers hereby granted and from and against all claims, demands and actions by third persons in respect of damages sustained by any operations of the Company in relation to its undertaking.

8. Before the Town makes any repairs or alterations to any of its public services, the repairs or alterations of which may in any way affect any of the Company's pipe lines, plant or equipment, the Town shall give the Company thirty days' notice in writing, except in cases where the repairs or alterations by the Town are required to be immediately done, when any notice shall suffice. The Company shall thereupon be entitled to appoint a representative to supervise such repairs and alterations and so long as the reasonable directions of the Company's representative are complied with the Town shall be free from all liability in connection with any damage done by reason of such repairs or alterations.

9. The Company shall during the term of the said franchise supply as much natural gas as may be required by the said Town and/or its inhabitants within the limits of the Town when the places or buildings to be supplied there are situated on land lying along the line of any distribution lines of the Company. The property line shall be the place of delivery of all natural gas supplied to the customers in the Town. The Company shall install a meter suitably located on the customer's premises, the said meter to be owned and supplied without charge by the Company and be installed at a location to be determined by the Company. The expense and risk of utilizing and using such natural gas after delivery at the said property line shall be borne by the customer.

10. The By-Law of the Town authorizing the execution of the within franchise agreement shall be submitted to a vote of the proprietary electors as provided by the Town and Village Act, and shall become binding on the Town only upon ratification of the said By-Law by two thirds of the said proprietary electors voting thereon, provided that when the said franchise agreement shall have so become binding, the Town will, at the request and at the expense of the Company, join with Company, in and give its support to, an application to the Legislature validating the said franchise agreement.

11. The monthly rates which the Company will charge the Town and/or the inhabitants thereof for natural gas sold to and within the Town shall be set out in the following schedule, viz:—

GENERAL RATE

Availability: Available to all customers.

Rates: First 4 M.C.F.	\$2.50
All Additional M.C.F.	.35 per M.C.F.
MINIMUM	\$2.50 per month

General Conditions:

(1) When accounts are not paid on or before the due date the charge per M.C.F. shall be increased by 3c (Three Cents) per M.C.F. and the gross rate so arrived at shall apply.

COMMERCIAL AND INDUSTRIAL RATES

Availability: This schedule is available to all Commercial and Industrial Customers.

Net Rates:

(a) Customers whose annual consumption is not greater than 1,500 M.C.F. per year:

Fixed Charge: Five Dollars (\$5.00) per month plus

Consumption Charge Twenty-eight cents (28c) per M.C.F. per month.

(b) Customers whose annual consumption is greater than 1,500 M.C.F. per year:

Fixed Charge Ten Dollars (\$10.00) per month plus

Consumption Charge Twenty-four cents (24c) per M.C.F. per month.

GENERAL CONDITIONS:

(1) This schedule is available only on annual contract, which shall continue from year to year thereafter until either party shall give to the other party at least thirty (30) days prior to the expiration of any such year a written notice of desire to terminate said contract, at the expiration of such year, it shall cease and determine.

(2) When accounts are not paid on or before the due date the charge per M.C.F. shall be increased by Three cents (3c) per M.C.F. and the gross rate so arrived at shall then apply.

(3) When a customer has been billed under one sub-section (a or b) of this rate or under the General rate and at the end of the year if it would have been cheaper to the customer to have been billed under another sub-section or the General rate, the account shall be adjusted and the necessary refund made by the Company.

HIGH LOAD FACTOR RATE:

(1) A Fixed Monthly Charge of \$20.00 plus an additional monthly charge of \$1.00 per 1,000 cubic feet of maximum 12 hour demand as hereinafter defined, and a Consumption Charge of 18c per M.C.F. for the first 1,000 M.C.F. of gas consumed per month, and 15c per M.C.F. for the next 1,000 M.C.F. consumed per month and 12c per M.C.F. for all over 2,000 M.C.F. consumed per month shall be made to all Consumers who are eligible for the said rate.

(2) The said High Load Factor Rate shall be available only on annual contract to Consumers whose annual consumption of gas is not less than 8,000 M.C.F. and whose total consumption during the six meter reading periods ending May, June, July, August, September and October is not less than 40% of the total consumption of such Consumers during the 12 meter reading periods ending in the calendar months of January to December inclusive.

(3) The maximum 12 hour demand shall be the greatest amount of gas in cubic feet delivered in any 12 consecutive hours during the current billing period of the preceding 11 billing periods, as ascertained by the Company. In the case of a new consumer of gas, the said maximum 12 hour demand shall be estimated by the Company. The Company will upon receipt of a written request from a Consumer, install a recording meter to measure the said maximum 12 hour demand. In such event the maximum 12 hour demand established for the current period or for the previous 11 billing periods whether ascertained by the Company as aforesaid or as measured by the said recording meter, shall apply. Provided, however, that the company may with the consent of the Consumer estimate the maximum 12 hour demand taking into consideration such factors as the effect of the Consumer's demands for gas upon the Company's peak load or other relevant factors.

(4) The said High Load Factor Rate shall apply from year to year to those Consumers applying therefor, subject to any Order from the Board of Public Utility Commissioners and subject to termination by either party upon the giving to the other party of 30 days' notice of termination in writing prior to the expiration of any contract year, and at the termination of such year, the contract shall thereupon terminate.

(5) The "Rules and Regulations" of the Company as approved and amended by the Board of Public Utility Commissioners from time to time shall form part of and apply to all contracts entered into pursuant to this High Load Factor Rate notwithstanding anything herein contained, but in the event of any contradiction or ambiguity the terms hereof shall prevail.

PROVIDED, however, that the Company may sell natural gas to the Town and/or the inhabitants thereof at rates lower than those set out in the said rate schedules in cases where the quantity of consumption, load factor, and/or off peak demand warrant it in so doing.

12. The Town agrees that it will not, for a period of twenty years (20) grant to any other person, firm or corporation the right to lay pipes in its public streets, roads, alleys and (or) other public highways or places for the purpose of supplying natural gas to or in the Town for any purpose, so long as the Company supplies to the town and the inhabitants thereof their reasonable requirements of natural gas.

13. It is further agreed that at the expiration of the term hereof this contract may be renewed for a period not exceeding ten (10) years (and so on from time to time) with such alterations, if any, as may be agreed upon by the parties and approved by the Board of Public Utility Commissioners, and that, if either party refuses to renew such contract, or if the parties fail to agree as to the conditions of such renewal, then the Town may purchase all the rights of the Company within the Town limits in all matters and things under contract, and in all apparatus and property situated within the Town limits for the purpose of supplying gas to the inhabitants of the Town for such price and on such terms as may be agreed upon with the Company, or failing such agreement, then for such price and on such terms as may be fixed by the Board of Public Utility Commissioners on the application of either of the parties hereto, but nothing shall be claimed by or paid to the Company for any and all franchise or franchises received from the Town. No clause shall not be taken or read as referring to any property or apparatus forming part of the plant used in connection with the supplying of natural gas to other cities, towns, villages or municipalities.

14. The Town consents to the exercise within the Town by the Company and its successors and assigns, of the powers which may be exercised by a company with the consent of the municipality under the sections pursuant to the provisions of the Water, Gas, Electric and Telephone Companies Act.

15. During the term of this agreement, or any renewal or renewals thereof, the Company will pay to the Town in lieu of any taxation upon its plant, equipment and pipe lines in the Town used in connection with the transmission, distribution, delivery or measurement of natural gas to the Town, the Town, and every year (5c) per M.C.F. of the gross receipts of the Company derived from the sale of natural gas within the Town. The Town agrees that in consideration of such payments, it will not during the period or periods above mentioned, assess for tax any or tax all or any part of the said property, plant, equipment and pipe lines.

16. This agreement shall endure to the benefit of and shall be binding upon the successors and assigns of each of the parties hereto. IN WITNESS WHEREOF the parties hereto have hereunto set their respective corporate seals to be affixed, authenticated by the signatures of their proper officers, the day and year first above written.

Annual Supper Held At Bon Accord

The annual supper of the Bon Accord Community Centre was held on Thanksgiving night. A large crowd of about 500 persons enjoyed the turkey supper. Pictures were shown before the dance and Mrs. McKay's orchestra furnished the music for the dance.

Mrs. G. A. Sauder of Waskatenau recently visited her daughter Mrs. Norman Smith and family.

Mrs. Clyde Owens of Haney, B.C. is visiting her daughter Mrs. Irwin Strawson and family and friends in the district.

Mr. and Mrs. Archie Schneider are the proud parents of a baby girl.

The FWUA of Willow Springs met at the home of Mrs. D. Putman for their regular meeting. Plans were made for a sale of Home Cooking and groceries to be held in the home of Mrs. A. Rafn on Wednesday afternoon, October 25. Mrs. H. Samis is president, Miss Martha Rafn is secretary.

Municipal Delegates Gather For Two-Day Convention

Delegates assembled at Medicine Hat on Oct. 5 and 6 for the 46th annual convention of the Union of Alberta Municipalities.

Throughout the convention there was a drive on the part of delegates to obtain a greater share of the large provincial income to relieve municipal financing problems. Minister of Municipal Affairs, the Hon. C. E. Gerhart stressed to the meeting the government's policy of using oil revenue only for capital expenditures, though he did state "it is not the policy of our government to allow any municipality to wallow in distress, if distress there is."

The steadily rising cost of education to municipalities was a matter of grave concern to councillors, and after a good deal of discussion a resolution was passed requesting the government to assume a much larger proportion of the basic costs of education—meaning those costs required of local school boards by reason of statutory requirements—in all school units of the province, and that the total amount of provincial grant to any one board should be not less than 30 per cent of such total costs for the previous year.

It was decided to set up a committee of the Union to discuss the whole question of education costs and its relation to taxation and that after full discussion arrangements should be made to present its findings to the provincial cabinet.

Other resolutions passed included one from Lethbridge that the government implement Sec. 35 of the National Housing Act to aid municipalities in opening new housing subdivisions; that the government undertake the construction and maintenance of provincial highways through Alberta cities; and one from Edmonton requesting the government to review and amend its present policy with respect to the payment of federal health grants so that continuing expenses are recognized as a proper charge upon the grant.

The County Act passed at the last session of the legislature was the subject of a discussion led by Mayor H. Lynch-Staunton of Didsbury. Mr. Lynch-Staunton was of the opinion that this Act would contribute to a stronger local government because the county council would have complete and real responsibility, both financial and administrative and would be in a position to determine first the ability of the taxpayer to pay and thus avoid the danger that at present exists of forcing taxes up to the point where they cannot be met.

He did, however, offer some criticism, especially in regard to the appointment of additional members to hospital, educational and health committees by the committees themselves, which he felt to be undemocratic. He suggested that the members of the three main committees might better be elected by the electors as members of those committees. On this point he stated: "The electorate have the right to say who shall operate their business for them."

New Mark of Progress

Ranch of Johnny Walters, northeast of Morrin, Alberta, was the scene last week of the first calf vaccination in Canada under the compulsory scheme to eradicate brucellosis disease, now in effect in Starland municipality, which lies just north of Drumheller. Standing by are H. S. McLaren, J. Walters, S. R. Hooper, G. S. Peppin, A. C. B. Grenville, and J. Lord.

Albertan Returns From Trip to Middle East Lands

After a lapse of 46 years there are great changes in the countries of the Mediterranean, found A. Hamilton, of 87 St. George's Crescent, Edmonton, when he returned to his native Lebanon for a visit recently.

Mr. Hamilton, who lived for years in the Lac la Biche district after his arrival in Alberta in 1904, spent four months this summer visiting Italy, Greece, Egypt, Lebanon, Syria and Turkey.

He went to the Middle East by steamship and returned by air, travelling alone.

The trip was solely a vacation, says Mr. Hamilton.

On his arrival back he told this newspaper "Our country is best", in referring to his adopted land of Canada, after seeing the strife-torn nations of the Mediterranean.

Mr. Hamilton visited his native town in Lebanon, and found a few old friends still living there.

He also took in the sights in other nearby countries, including most national capitals.

Mr. Hamilton found Turkey to be a nation whose people were

reluctantly preparing for a war that many Turks think might come at any time. A very large army is being maintained there, with the result that little revenue is left for welfare and improvement projects.

Greece would seem to be the poorest country in the Mediterranean, says Mr. Hamilton, although political order seems to be firm there now that the communist rebellion has been securely put down.

LAC LA BICHE BUS DRIVER RETURNS FROM TWO-WEEK U.S. TRIP

LAC LA BICHE. — Mr. Stan Dacyk, bus driver for the Canadian Coachways from Edmonton to Lac la Biche, is back on duty after spending two weeks' holidays in San Francisco.

M'MURRAY NOTES

Mrs. K. Turnbull is spending some time in Edmonton.

Mrs. D. Finlayson and Susan, spent a few days in Calgary last week.

Mrs. L. B. Brown and Margot returned to McMurray after spending three weeks in Edmonton and Calgary.

Miss R. Letourneau left Waterways last week to live at Embarras Portage.

Miss Betty Wylie returned to McMurray after holidaying in Peace River and Athabasca.

Mr. and Mrs. J. Houston returned to McMurray after motoring from Eastern Canada.

Jack Mein flew to Edmonton last week to meet his mother.

Mrs. Geo. McClelland left for Edmonton last week for the winter months.

Mr. John Parker of Yellowknife, spent a few days in McMurray last week.

Many Visitors At Egg Lake

EGG LAKE.—Mr. and Mrs. H. M. Olson have been favored with visitors lately. On Sept. 22, Jimmy Chapman motored from Edmonton with his grandfather and grandmother, Mr. and Mrs. George Chapman. Jimmy went back to Edmonton on Sept. 25, but Mr. and Mrs. G. Chapman will remain with their daughter for a few weeks. They have just returned from a five months' stay at Victoria, B.C.

On Oct. 3, Mr. and Mrs. Olson had the pleasure of welcoming their daughter and son-in-law, Mr. and Mrs. Loris Koch, who also motored from Edmonton with their two children to spend a few days with their parents.

Mrs. Alan Amoil went to the teachers' convention at Lac La Biche on Oct. 5 and 6. Miss Ann Zuk is now teaching at Bouvier School.

Miss L. Shirmacher has gone back to the University.

Phones Installed At Plamondon

Quite a few telephones have been installed in Plamondon. Mr. Jos. Gagnon, Mr. Jos. Guthrie and Bob's residence are now all available by phone.

Miss Lina Bowne has made a business trip to Edmonton and at her return the diamond on her finger was noticeable. We hope that wedding bells won't chime too early as we don't want to lose our supervisor.

The weather is a bit more favorable so threshing and combining are once more started. Let's hope they this time will finish.

Miss Mary Stratton is now employed at the Joe Gautier home. Mr. Leo Bourassa is sporting a new 1950 Chevrolet truck.

Mr. Joe Gautier is also sporting a new 1950 Chevrolet truck.

Stan visited his three sisters and one brother in San Francisco whom he had not seen for 14 years.

He also visited a brother in New Westminster. It had been 20 years since he had seen him.

Stan was the guest of Mr. and Mrs. F. Lougand in San Francisco, old timers of Lac la Biche who left here 28 years ago.

Stan reports the weather in San Francisco the same as here, and the people very sociable, but was glad to be back on his run.

Stan is very courteous to his passengers to help them on and off the bus and tries to make them comfortable, meets one and all with a smile.

Mrs. H. E. Tatum was the guest of Mr. and Mrs. Phillip Patry at Athabasca while having dental work done by Dr. G. Olson.

Mr. Nick Cherkas is back home after spending the last six months at Fort Smith working in a garage. He likes the town of Fort Smith and he reports good wages there. He left Fort Smith by plane at 10:30 a.m. Friday, arriving in Edmonton at 2:30 with a stopover in McMurray of one and a half hours. He covered 467 miles in two hours and 30 minutes. Nick arrived here by bus at 10:30 p.m. He was away from home for 38 years when he left the old country to come to Canada.

Four Are Freed In Redwater On Assault Charge

REDWATER.—Four local men were freed in police court here last Wednesday on a charge of assault.

Walter Malowany, Peter Salyzyn, John Malowany and George Ponich were found innocent of assaulting Carl Crechnita by Magistrate R. E. Haynes of Westlock.

The incident out of which the charge arose occurred in the Redwater Hotel bar room on Sept. 23. Owners of the hotel were warned that if 'barroom brawls' there continue, they will lose their licence.

The trial was held in the Community hall, and witnesses included Mrs. Annie Chechnita, Mrs. Sarah Melenka, Aurel Magau, William Romanuk and Constable Smith of Thorhill RCMP detachment to whom the complaint had been made by Chechnita.

Sunday School Is Permanent Feature

REDWATER.—Shortly after the Redwater Sunday School was started in the Community hall, the United Missionary Church building was started but before long the Sunday School had outgrown this building before its completion, making it necessary to add an extension with five Sunday School rooms in it.

While this fine new building is nearing completion the Sunday School was moved into its new quarters recently and is well attended with an enthusiastic group of fine children with classes for beginners to adults.

Snowfall Ruins Some Alberta Harvests

Wet, slushy snows have fallen in certain sectors of Alberta, ruining vast quantities of grain. In some sections where harvesting was abnormally late,

grain was buried under seven inches of snow. This bridge was photographed at the height of a freak snowstorm.

Blaze Strikes Farm Home In Recent Early Morning Fire

REDWATER. — Fire struck at 3:00 a.m. last Friday at the farm home of Roy Smok, of the Opal district, destroying two buildings before being quelled.

Thomas Bruchal Is Married To Molly Romaniuk

REDWATER. — Thomas Bruchal, village secretary-treasurer, was married to Molly Romaniuk of Lamont in a pretty wedding ceremony in Edmonton Saturday.

Following this ceremony the couple were honored at a reception at the bride's home in Lamont.

They have left for a two week's honeymoon by auto for Victoria, B.C. Couple will reside in Redwater.

Dave Laird, Redwater contractor, is in charge of the construction of the curling rink here, and is going ahead at a good rate.

An electrical transformer weighing over 32 tons has been set up on the farm of Walter Malowany, one and a half miles south of Redwater, by Calgary Power Limited to supply power in the Redwater, Egremont, Thorhill area.

Redecoration of the Redwater post office completed last week includes a new grey finish outside, and repainting of the entrance.

Redwater village council has contributed \$150 toward playground equipment for village high schools. A new slide and other equipment is planned.

CRAIGEND BRIEFS

Mr. Edmond Gervais has returned home after an eight-week illness in the Edmonton Hospital. Mrs. Fred Benik of Craigend, and Mrs. Andrew Kerelchuk are proud mothers of baby boys.

Mr. Walter Prochinsky has moved his buildings closer to the mill.

Mr. Theodoruk is reported in Lac La Biche Hospital.

Garage and granary, located about 75 feet from his house was burned, along with a 1949 Ford truck, 7,000 feet of lumber, and some grain.

Mr. Smok managed to save his new tractor from the fire, but both buildings are a total loss.

Origin of the fire has not been determined. Only the truck carried insurance.

Redwater streets are being graded, holes are being filled in, and the first coat of crushed gravel is being applied here. Contract for the work was awarded recently to the Wosnek Brothers of Redwater.

Natural gas will be serving residents of Redwater within another month if the weather holds out favorably.

Bannister Construction Co. has begun laying the gas mains on the eastern and northern boundaries of the village and the school will probably be the first unit to be connected.

Farmers have resumed threshing in Redwater district. Although the grain is graded as tough in the local grain elevators, farmers are gathering their crops as fast as possible due to the already-lateness of the season.

District Couple Married Recently

EGG LAKE.—On Sept. 30, Luc Dionne, son of Luc Dionne of this district, was married to Emilia Duperron of Breynt.

They were supposed to get married at Breynt, but the future bride went to Lac la Biche on Sept. 28 for the license and the tests and was unable to return home on account of a snowstorm and rain that made the roads impassable.

The dinner and supper were served at the home of Mr. and Mrs. Alex. Bourassa, uncle of the bride and the dance was at Dionne school. The newlyweds will reside at Egg Lake.

Large Attendance At Redwater Mass

REDWATER.—Sunday, Oct. 11 was a great day for many Redwaterites when visitors from surrounding communities attended mass at the Ukrainian Greek Orthodox church. The sermon was preached by Rev. Hrycyyna of Winnipeg and mass was conducted by Rev. Hrycyyna and Rev. Fyk, the local parish priest. Although the roads were very bad due to the snow and rain of last week the church was filled to capacity.

After mass all were invited to dinner at the Redwater Community hall, which was served by ladies of this community affiliated with the church.

In conclusion after the dinner a convention of the six local parishes was held. Delegates for each parish reported on the activities and progress; Mr. F. Yurkiw from Redwater, Mr. W. Skolny from Redwater, Mrs. P. Magera from Fedorah, Mr. W. Korotash from Egremont, Mr. J. Zynyk from Waskatenau and Mr. G. Tomnuk from Thorhill. Mr. F. Yurkiw of Redway was the president of chairmen and Mr. Wasylyk was the secretary.

This was followed by the following guest speakers: Rev. Hrycyyna from Winnipeg, Dr. Verchomin of Edmonton, Rev. Chrushtavka of Edmonton and Rev. Fyk of Redway.

All these speakers stressed the need of brotherly love in mankind, democratic way of life is the only God's way of life, and the love and worship of God in the heart of man, woman and child in this world.

Miss Edith Bell of Vancouver is visiting her brother-in-law and sister, Mr. and Mrs. M. Bilawey of Redwater. She visited Redwater in the fall of last year.

The stork is calling its regular rounds and has visited some residents of Redwater, Mrs. Wm. Pasichney and Mrs. John Myron are occupying beds in the maternity ward of the Redway hospital, each having on display a baby girl.

Attention! Farmers Living in Dried Out Areas!

Why keep on taking chances in these areas when you can buy choice farms in what is considered to be sure crop districts at very attractive prices? Half sections can be bought from \$3,500 up. You must see these farms for yourself to believe it, and we are here to show you over them—at no cost to you. Our motto is "A satisfied customer is the only customer." You are under no obligation whatsoever. If we cannot find what you want we do not expect you to buy. However, if you really are looking for a farm that produces year after year, see us!

Crop this year look very promising, including Clover and Alfalfa seed crops. We recommend the areas we sell as being ideal for mixed farming. We do not recommend it for straight wheat farming. We cordially invite you to look over these districts of Mayerthorpe, Sangudo, Greencourt and surrounding districts. It will pay you. We list four listings, which will give you an estimate of values. Remember, we have many farms for sale, large and small, also many Villages in the Progressive Villages Serving This Present Day Garden of Eden.

If you want a section, here it is: About 550 acres under cultivation, fenced and cross-fenced, beautiful set of buildings, including nine-room stucco house, full basement, 30x60 barn with Gaelic roof, nine portable granaries, garage, etc., etc. Windchaser and light plant. About 172 acres seeded to clover and 20 acres seeded to alfalfa. Price \$21,000.00, possible terms. You have got to see this farm to appreciate it. Do not delay as it is a bargain.

If you want a half-section, here it is: About 300 acres under cultivation, fenced, 7-room house, 30x40 barn, one large permanent granary, 4 portable granaries, garage, chicken house, etc., etc. Good well and pump. \$6,000.00 cash.

If you want a 1/4-section, here it is: About 95 acres under cultivation, on highway, 3-room house, barn, garage, granaries, etc. Good well and pump. \$4,000.00 cash.

SPECIAL!

480 acres, about 180 acres under cultivation, well and spring, six-room house, barn, 20, 3 portable granaries, chicken house, electric light and plant. All for \$5,900.00 cash.

Many of these farms can be purchased complete with equipment. Phone us, MAYERTHORPE 41, or write us, giving date on which you expect to call on us, and we will make the necessary arrangements to show you over these farms and business.

AGRICULTURAL SERVICE BOARD

Municipal District of Morinville No. 91

Municipal Office, Morinville, Alta., October 18, 1950

To All Ratepayers, of Morinville M.D.

Dear Sirs:

RE: Bang's Disease (Contagious Abortion)

WHAT IT IS AND HOW IT IS SPREAD—

This disease of cattle is present in probably half the cattle herd in your Municipality. It causes great losses, as infected cows abort at 5 to 8 months. It is a germ disease and spreads from one cow to another.

CURE OR PREVENTION—

There is no cure, as a cow infected with Bang's disease carries abortion germs the rest of her life. PREVENTION can be obtained only by vaccinating heifer calves at 4 to 9 MONTHS OF AGE.

They are immune for several years and by vaccinating heifer calves at 6 to 9 months gives best resistance, a disease free herd can be built up within 5 or 6 years. In other words once started it must be continued.

UNDULANT FEVER IN MAN—

This dread disease of humans has occurred in the Edmonton district. It was traced back to drinking milk from cows infected with Bang's disease or handling infected animals.

CONTROL OF VACCINE—

Vaccine is supplied free by the Alberta Department of Agriculture. It is only allowed to be used by veterinarians.

Buyers are looking for cattle from Bang's free herds and also those vaccinated as calves.

For further particulars get a circular on "Bang's Disease" from the Municipal Office or from your District Agriculturist.

MUNICIPAL VACCINATION POLICY

The Morinville Agricultural Service Board has made arrangements with veterinarians to do calf vaccination on an hourly basis. The charges per calf will be 75c with a minimum charge of \$2.00.

This is as a plan whereby Bang's free herds can be built up, if vaccination is done twice a year.

Through organization and co-operation this service as outlined above can be rendered more cheaply than if done on an individual basis.

STAN WALKER, chairman O. PATRY, Secretary

(Tear off here and leave at or forward to Municipal Office before November 4th, 1950)

I have _____ heifer calves between the age of 4 and 9 months for Bang's Disease Vaccination. I agree to pay 75c each at the time vaccination is done.

Right!

Tourist: "What are those church bells ringing for, my lad?"

Urchin: "Cos somebody's pulling 'em!"

Would Be Tragic

"The best thing for you to do," said the doctor to the man with a nervous complaint, "is to stop thinking about yourself and bury yourself in your work."

Only Father

He: "Say, who is that funny-looking fello who drives your car and works around in the garden? He always frowns at me whenever he sees me here?"

She: "Oh, don't mind him. That's only father."

Short and Sweet!

One day, in a thoughtful mood Lincoln's little son, Tad went into the White House study, climbed up on his father's knee, and inquired, "Papa, what did you say when you proposed to mamma?"

Mr. Lincoln tried to evade the question, but the youngster persisted.

"Well," at last came the reluctant reply, "if you must know what I said, Tad, when I proposed to your mother, I said yes!"

LETTER TO LOUISA

Strict Mother Objects To Girl Going With Boy

DEAR LOUISA—I am a young girl sixteen years old and want your advice.

I have been going with a boy for about two months. My mother thinks I have just started going with him. She is very strict. He is about 18 or 19 years old and says he loves me very much. But lately he has been going with a girl friend of mine. He tells stories all the time—you never know when to believe him. He stopped seeing her about a week and a half and today he started going with her again. He wants me to stop school and run away and marry him. I have two more years. I love him very much and don't know what to do. The job he has keeps him travelling and he wants me to travel with him. Tell me what I should do and whether to believe him or not.

WONDERING.

Answer:

There are three excellent reasons why you should not marry this boy. The first is that he is undependable. One thing necessary to the happiness of married people is the trustworthiness of a partner. If you cannot believe anything he says now he is not likely to improve as time goes on. For all you know he may be married already and have a wife in some other little town.

The second reason is that you haven't finished your education and are too young. Every girl should finish school and prepare herself to make a living for she never knows what life has in store for her.

The third reason is that you have not known him long enough to judge what kind of husband he will make. Getting married is a serious business and should not be entered into unless you know this man and his people well.

So take my advice and refuse to get serious. Any boy who is

urging a sixteen year old to run away and get married is either up to no good or hasn't much practical common sense.

LOUISA.

Dear Louisa:

I am a widower—my wife having died several years ago. I am very lonesome.

I have a woman neighbor who seems to be a very fine person and who is alone in the world. She is about 45 years old and I am about 60.

Do you think there is too much difference in our ages to think of marriage? How should I go about finding out how she thinks about it?

LONESOME.

Answer:

I think it would be a fine thing for you to get a congenial companion to share the rest of your life. The woman you speak of sounds like an ideal match for you.

The difference in ages doesn't matter after a person reaches 40 nearly so much as if you were 40 and she were 25. Both of you have reached the age where companionship and congeniality means more than romance.

Ask her to go to the movies or to church with you some evening. You can talk to her about how much you miss having a woman in the home and if she is interested I am sure she will let you know it.

LOUISA.

eral Assembly of the United Nations.

Mr. Decore defeated the Social Credit candidate, Mr. Hylinka, who represented the constituency before the last dominion election. Our acquaintance with Mr. Decore is very limited but on the two occasions we saw him at work, once as a client for a local resident in the courts and again on the platform as a Liberal candidate in the last election.

While some may not agree with his politics, they must concede him considerable ability.

A fluent speaker, impressive, with good sound reasoning argument which displays an intimate knowledge of his subject, this man will contribute his share to the World Council's deliberations. Mr. Decore is recognized as an expert on eastern European affairs.

drawn at a recent meeting of the Edmonton branch. It was contended that the practice constitutes a highway hazard and should be stamped out.

During the discussion, it was pointed out that the practice is a violation of the Motor Vehicles and Highway Traffic Act. It was felt that an educational campaign might have beneficial results.

Another suggestion was that motorists should take down the license number of a car from which empty bottles were being hurled to the highway so that required action could be taken later.

It also has been suggested to AMA officials that markings of 'skull and crossbones' should be placed on highways where fatal accidents have occurred. These would be painted as a warning to motorists to drive carefully.

Five Master Farm Families Are Named in Alberta

Five outstanding Alberta farm families have been named "Master Farm Families" by Hon. David Ure, minister of agriculture. Each family receives an award of \$1,000, an engraved plaque, and a name plate for the farm entrance.

Following are this year's master farm families:

E. S. Parson family, Boyle; Emile Cammaert family, Rockyford; Chas. J. Kallal family, Toftfield; Roy Balhorn family, Westaskin; and the Fred Labrecque family, Spirit River.

Objectives of the master farm family program are to provide a practical demonstration of farm and family progress and approved farm practices which bring success. This is to emphasize the advantages of the farming vocation and the wholesomeness and dignity of rural life. It is designed also to show the farm youth the high ideals of agriculture and the opportunities in rural life.

Interest in the program throughout rural Alberta was very keen and 48 families were nominated.

Selection of the award winners is conducted on a district then a regional basis with the selections

home economics are represented on all committees. The five honored families represent regions corresponding roughly to the five soil zones of Alberta.

A scoring system allots points for each of 87 factors of farm living and farm plant. The system is organized under four main headings, namely: the home and farmstead, operation and organization of the farm, family and community life, and management and business methods. Possible scores have been carefully worked out for each division according to its relative importance and the record of each candidate was measured on this detailed basis.

On behalf of the provincial government, Mr. Ure expressed congratulations to the five master farm families for the outstanding records of achievement they have registered in their communities. The minister of agriculture congratulated to the 48 other candidates who were honored by being nominated by their neighbors.

Parson Family of Boyle is Honored

E. S. Parson, master farmer of northeast Alberta, is seen here with his family. Standing (left to right) are Nels-Eric, Allan, Carl-Ernest, Raymond and George. Seated are Mr. and Mrs. Parson, Mrs. Geo. Parson, and the master farmer's grandchild Lucille, and Mildred. Five other sons

and daughters are not shown here. They are Mrs. Fred Pannmuller and Mrs. Carl Pannmuller of Rockyford Bridge, daughter Agnes and son Arthur, both in Vancouver, and Ragner in business. (Alta. Gov't. Photo.)

Cammaert Family of Rockyford Gets Award

Shown in front of the fireplace of their well furnished living room are Mrs. Cammaert, Margaret and Mr. Cammaert. Mr. Cammaert came to Alberta from Belgium, and is today recognized as one of the most successful farmers in the province. (Alta. Gov't. Photo.)

Rockyford's Cammaert Family Has Outstanding Farm

A man who borrowed \$250 to come to Alberta from his native Belgium, 48-year-old Emile John Cammaert of Rockyford, this week climaxed 30 years of farming when he and his family were named among Alberta's master farm families.

Even before a person enters the Cammaert farm it is sensed that this is one of the district's outstanding farms. When the farm first comes into view your eye immediately is caught by the well planned farmstead and the well maintained buildings creating the impression that here is an efficiently managed farm.

Emile Cammaert is a good manager and a natural leader but the success of his farming career has not been a solo effort—it is definitely a family project. Mrs. Cammaert, 22-year-old John, and 17-year-old Margaret, are all willing tenacious workers, and all play an important part in the farm operation. A great family spirit exists in the Cammaert household and it is obvious that they fully enjoy living together.

Mr. Cammaert will always remember the day of his arrival at Rockyford. It was in December of 1919 and the temperature was 60 degrees below zero. His welcome was made cooler by the fact that he had lost his overcoat a few hours earlier in the railway station at Saskatoon. For his first six years in Alberta Mr. Cammaert worked on a farm for his aunt, Miss Stephanie Cammaert. In 1923 he rented a quarter-section of land from an uncle and in 1925 began farming for himself when he rented 870 acres of land.

All the conveniences of a first class city home are contained in the fully modern eight-room home of the Cammaert family. Such articles as an electric range, electric refrigeration, and electric mixers are all part of

the kitchen equipment. The house is heated by a coal furnace but this presents no hardship because an automatic stoker has been installed. The bright spacious living room indicates Mrs. Cammaert's exceptionally good taste in furnishing and decorating.

A real highlight of the farm is the swimming pool in front of the house. The 12-foot by 25-foot pool was built in 1941. It started out to be a lily pond for Mrs. Cammaert but it was turned into a swimming pool.

Mr. Cammaert has always used irrigation on his present farm. Using sprinkler irrigation he can irrigate about 1,000 acres while previously he could irrigate about 320 acres under the flood irrigation system.

Emile Cammaert and John now are raising purebred Shorthorn cattle. This project started in 1943 and prior to that time they raised purebred hogs. At present the Cammaerts have 50 purebred Shorthorn cattle of excellent quality. Mr. and Mrs. Cammaert flew to Scotland to attend a Shorthorn auction sale. He hopes to purchase 10 females in order to strengthen his herd. Mr. Cammaert plans to hold a sale at his farm in the spring when he will sell 10 bulls and 15 females. At his last sale in 1948 he sold 32 head of cattle.

There have been no horses on the Cammaert farm since 1928 when Mr. Cammaert started developing operations with the machine age. Cammaerts operate a full line of modern machinery. All repairs are done immediately either in the field or in the well equipped machine shop.

Mr. Cammaert estimated his crop production for this year as follows: 18,000 bushels of wheat, 4,000 bushels of oats, 2,000 bushels of barley, 145 tons of hay and 40 tons of straw. On one plot Mr. Cammaert averaged 62 bushels of wheat per acre.

Parson Family of Boyle District Is Big Family of Hard Workers

E. S. Parson of Boyle, head of the master-farm family of that section of Alberta which has Athabasca at its centre, acquired a taste for the land as a young farm hand in Sweden where he was born in 1892, son of a policeman.

For a little while before coming with his 20-year-old bride to Canada—he himself was only 21—he followed the trade of a miller.

When these young people reached Athabasca in 1913 they were little equipped except for the lessons he had learned on the Swedish farm—that and the will to work.

To her husband and 11 sons and daughters Mrs. Parsons is 'Mum' though no doubt known more formally to the Swedish registrar-general as Eve because, her husband explains, she is mother to us all. Indeed, this is a task which has left her little time for any but the strictly domestic duties of the home.

He, on the other hand, is a leader in the community—president of the federal and provincial CCF for the Athabasca constituency and the Athabasca District Agricultural Society secretary manager of the Watershed Co-operative Livestock Association; director of Federated Co-ops Limited; chairman of the Boyle local of the Alberta Farmers' union and the local school board and member of the School Trustees' Association; delegate to the Alberta Livestock Co-op and the Alberta Poultry Producers; member of the Boyle Board of Trade and a warden of the Lutheran Church.

All of his sons and daughters have taken part in every junior farm activity in the district though these have been few around Boyle and often short-lived. A calf club and a swine club, for instance, operated for only one year but Allan and Agnes were both active in it. Ragner and Agnes scored highest points at their school fair and both attended the short course at the

school of agriculture at Vermilion. Nels-Eric attended the wheat pool short course two years ago and Allan and Mildred the course at Athabasca this year—an occasion which the father of the family utilized to act as host to the students for one day at Esplund farm.

This year the apple trees provided Mrs. Parson with canning material for 125 quarts, so Mr. Parson says. His wife, insistent on the whole truth and nothing but, says it was only a hundred. Not that it matters much, for her storage capacity is 1,000 quarts.

Esplund farm attracts attention even before it comes into view. Secured from sight from the road by a dense natural shelter belt—part of the growth the founder had to clear from his homestead—the approach is by a driveway through avenues of trees suggestive of a trim park.

Access to the farmyard is by a heavy gate in the substantial fencing, and within this is the home, standing in its own grounds which include the kitchen garden, lawns, flower gardens and the acre-and-a-half orchard.

But the family are not resting on the master farm family laurels. The plumbers are still on the premises, perfecting the bathroom, the kitchen sink, the sewage system. The boys are still carpentering and painting.

Of the 640 acres, 450 have been cultivated this year, the remainder fenced for pasture. Wheat, oats and barley are their chief crops and their livestock consists of Shorthorn cattle, Yorkshire hogs from purebred stock, Suffolk sheep, Percheron horses and Leghorn poultry. Queen of the livestock is the prize winning Shorthorn, Townview-Myrtle, but native of the Esplund farm is her calf, Esplund Rose.

New Source of Vitamin C Found in Wild Roses

Vitamin C—that wonder-working vitamin that can take the place of sunshine and aids good health—is now being derived from the hips of wild roses, and any Albertan can find his key to good health therein.

And if all the rose hips in Alberta were harvested, instead of being allowed to dry up and go to waste, the annual crop would be half a million tons. This would supply about 5,000 tons of vitamin C. Yearly demand for everyone in Canada, with a generous allowance of 100 mgn. per day, would be close to 400 tons.

That's a lot of Vitamin C, and it would take millions of oranges and other citrus fruits to supply it—that's where the rose hips come in. The rose hips are advanced as a substitute for citrus fruits.

The 150,000 Indians in the dominion probably are the most seriously affected by malnutrition, and the Vitamin C is being used to help them. It could be of greater national value to the 12,000,000 other Canadians who also suffer from malnutrition.

From the red berries of the wild roses, you can make hip jelly, jam, dried powders for use in purees, and rose hip juice, all filled within the health-giving Vitamin C.

Three rose hips, provide the same quantity of Vitamin C as the juice of one orange. Wet flesh of the hip contains from 25 to 70 times as much of the vitamin.

People are becoming conscious of Vitamin C in rose hips. They've been depending too much on citrus fruits.

And here's the recipe for rose hip jelly.

You boil the rose hips with water just sufficient to cover, for 15 minutes. The fruits then are crushed to a pulp and put through a jellybag. Sugar is added. The hips can be combined with other fruits. Syrups and juices are as easily made.

Four teaspoons of the jelly meet a day's requirement of Vitamin C. Something less than six pounds of hips would provide a winter's supply of Vitamin C for one person.

Although the hips have been by far the most satisfactory, evergreen needles are also a source of Vitamin C. Evergreen needles were used by the Russians during the siege of Leningrad. To prevent sickness when the defenders of Leningrad were cut off from fresh foods, the needles were boiled and the Russians drank the 'tea' or decoction.

**You Think You Are . . .

The job is to get them to use them.

With all these sources right in the province, there should be no need for shortages of Vitamin C. up his hand with the light of knowledge gleaming in his eye. "I know, teacher, it's Jo-Jo!"

Percy Wilson Is Injured In North

GIBBONS.—It was with deep regret residents learned of Percy Wilson's injury near Dawson Creek of Oct. 2. He was working with others from here on the 16-inch pipe line they are building there. He was clearing the bush away for the laying of the pipe line when a large cable snapped in two and hit him on the head.

While Percy was in the hospital for two weeks unconscious, not many knew of his injury until he was flown here by plane last week.

Reports are he is showing some improvements though still unconscious. Percy grew to young manhood four miles south of Gibbons.

The Greater Massey-Harris Tractor Line

A great line of tractors has been made greater still with the addition of several new Massey-Harris models and new engineering features.

From the small Pony to the big Model 55, each of these new models is powered to fit the farm and the job—powered to give the utmost in operating economy—the utmost in dependable, lasting service—the utmost in tractor value.

Each embodies the advanced principles of tractor engineering and design that have made Massey-Harris the most popular tractor in recent years.

For the best in tractor performance be sure the tractor you buy is one of the greater new Massey-Harris models.

Government of the Province of Alberta

announces the Second Annual

MASTER FARM FAMILY AWARDS

for 1950 to the following:

Emil Cammaert Family,
ROCKYFORD, Alta.

Charles J. Kallal Family,
TOFFELD, Alta.

Roy Ballhorn Family,
WETASKIWIN, Alta.

E. S. Parson Family,
BOYLE, Alta.

Fred Labrecque Family,
SPIRIT RIVER, Alberta

The Master Farm Family Award is recognized by an award of \$1,000, an engraved plaque and a name plate for the farm entrance.

The purpose of the Master Farm Family program is to find and honor those who have achieved notable progress in farming, home-making and citizenship and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family program.

Department of Agriculture

Government of the Province of Alberta

HON. DAVID URE, Minister.
O. S. LONGMAN, Deputy Minister.
